

Retreat Leaders at 11:11

As a retreat leader, 11:11 gives you a fully curated private sanctuary in Penestanan, Ubud — you bring the group, we handle everything else.

The standard container is 5 nights across private Balinese villas (minimum 4 villas needed to host), with groups ranging from 7 guests minimum, 8–12 ideal, up to a hard cap of 14.

Pricing is per guest: USD 3,600 for garden view or USD 3,900 for a private pool room, with a companion/double-occupancy add-on of USD 1,111 and extra nights from USD 222.

Included in that price is daily breakfast and light lunch, one welcome group dinner, three private wellness rituals per guest (aura cleansing massage, body scrub, flower bath, plus a Melukat blessing ceremony), airport transfers, a private driver for excursions, daily access to nearby yoga/meditation studios, and full concierge coordination — meaning you don't manage logistics, staff, or infrastructure.

As the leader, you also earn a 15% commission or discount per villa booked (not per guest), which you can take as income, use to lower your own costs, or reinvest into your programming.

Not included are flights, additional dinners, extra treatments/excursions, and personal shopping. It's positioned as an intimate, one-group-at-a-time, artful (not polished-luxury) experience best suited to women's retreats, creative/spiritual work, coaching, or embodiment journeys — and it's explicitly not the right fit for large groups, dorm-style needs, or highly rigid schedules.
